

*Well, who voted for 100,000
Australians to be hooked on
the pokies?*

WHO VOTED FOR A LICENCE TO PUNT?

*Giving people the choice
of how much they want
to lose is not a licence*

*No legislation has been
drafted. The Gambling
Reform Committee hasn't
even provided
recommendations yet!*

*A 'punt' is all forms
of gambling. This is
about pokies addiction.
Hotels and Clubs need
to stop running this
scare campaign*

If the Federal Government get their way you'll have to apply for a licence just so you can have a \$5 punt.

*WRONG! Recreational
players will still be able
to have a flutter*

They want to treat ordinary punters as problem gamblers.

*This is about ordinary
'punters' not turning
into problem gamblers*

The Federal Government doesn't trust you with your money and the worst part is that the real cost won't be measured in dollars. The real loss is the loss of freedom and privacy, the loss to communities, the loss of support to sporting clubs and community groups. But you didn't vote for it and you don't have to put up with it.

*WRONG! There will be no
central database. And
Hotels and Clubs already
collect personal details
through their loyalty
schemes - what hypocrites!*

Visit our campaign website to say No.

*Wrong again! As well as
exaggerating what they
give back, they don't tell
you what they take away
from problem gamblers
and their families!*

*And you shouldn't
have to put up with
this misleading fear
campaign!*
